## PRODUCT INFORMATION

### 7001 – RAPID MIXER

---

A simple item of workshop equipment designed for the speedy mixing of glazes or slips. In use water is placed in the container, followed by the mixer. The dry materials are added while the mixer is turning.

The mixer has a  $\frac{1}{6}$ hp motor driving a stainless steel shaft and vaned alloy impeller. A handle is fitted for ease of lifting. The rapid mixer is supplied with 25litre plastic container.

N.B – If using to mix any material of high viscosity (i.e. casting slip) the mixer should be running before inserting into the material.

#### Dimension:

---

Diameter	355mm
Height	610mm
Weight	25kg
