PRODUCT INFORMATION

7135 – BAILEY ELECTRONIC WHEEL

The Bailey Electronic Wheel offers the studio and professional potter a wheel of unparalleled performance and versatility in a compact and user friendly design. The wheel is powered by a super smooth 0.5hp motor that is controlled by a computer enhanced VF drive that due to its unique design can generate up to the peak equivalent of 1hp under heavy loads. This enables the wheel to give constant smooth power throughout the speed range and is extremely quiet in operation.

The wheel is completed by its remote foot pedal which is fitted as standard.

Technical Data:

Motor: 0.37kW (0.5hp) Ac industrial constant rated motor

Bowl: Moulded plastic

Wheelhead: 12in dia. aluminium

Construction: Precision laser steel chassis with powder coated finish

Speed range: 0-280rpm
