Equipment
Price List

where quality comes as standard

CLAYMAN
Supplies Limited

Welcome

Welcome to our price list of wheels, kilns & studio equipment. The products we offer have been selected with care and attention to detail and we are sure you will find them all to have the quality you would desire at a price that is extremely competitive.

At Clayman Supplies Limited we are passionate about ceramics and we have been for the last thirty years from our inception. We believe using the best quality aids should make the job easier or the end product better. We are also passionate about the service we give our customers. Simply, we aim to be the best.

Clayman Supplies Limited started life as Nyetimber Pottery Supplies. Reg Griggs had set up a small studio pottery, and when asked by local people if they could buy the odd bag of clay, ventured into supplying more goods. Within six months of trading it was deemed that a more appropriate name was required and Clayman was chosen as the most apt for the man who sold clay. Reg now has eighteen years' experience teaching pottery and over thirty years potting in a full or part-time capacity. Over that time he has absorbed ceramic knowledge like a sponge and now spends each day offering technical support to amateurs and professionals alike. Having taught and worked as a professional potter he can offer advice that is applicable to the enquiry he is dealing with at any one time.

Linda Griggs started life as a practice manager for a group of doctors. For more than 20 years she has brought that desire for detail and efficiency to running the accounts and despatch sides of Clayman Supplies Limited. She also brings that personal touch to dealing with customers who visit our "Potters' Shop" or who telephone with orders.

Clayman Supplies Limited started in a small way, but it has not lost the belief that all customers are important. Service is a term that we grew up with and still want to practise on an every day basis.

Our Products

Wheels & Equipment

The quality of the throwing wheels we offer is outstanding. We would not recommend a wheel that we would not be happy using ourselves. We have developed a close working relationship with the UK's leading equipment manufacturer, but also offer a selection of the very best imported items.

Kilns & Accessories

The kiln is at the heart of every pottery and it is therefore vital that it works efficiently and successfully to produce the results one would expect. We ensure that all the kilns we offer will not disappoint - we offer a service which, as potters, we would expect with such an important piece of equipment.

Clays, Materials etc

We also offer clays, slips, glazes, colours, raw materials, oxides, frit, grogs and a range of tools for all aspects of pottery. See our general price list for all this information.

Making Our Vision Become a Reality

The origins of our logo...

Reg Griggs demonstrating at a craft fayre in the late 1970's - taken by a press photographer.

Clayman by name
Clayman by nature

Our aspiration!

We live and breath ceramics at Clayman. From carefully choosing the products we sell for quality and value for money to taking your order and making sure they are delivered to you on time and in good condition. That has always been our aim, now we have committed this vision to words in our Mission Statement.

Realising the vision of an efficient, imaginative ceramic supplier of materials and equipment has been a journey of commitment. That commitment shapes our philosophy. At Clayman:

- We will never be undersold. This applies to all branded or named products. *Terms apply.
- We will not surcharge the use of credit cards.
- We aim to source the best products that best suit the needs of customers.
- We promote and sell only quality products from the best sources worldwide.
- Dealing with Clayman should be a pleasurable and educational experience.
- Our customer service should meet our customers' needs and expectations.
- Our products will be only those that are affordable offering quality, consistency and value for money from reputable sources.
- We will aim to contribute constructively to the whole ceramics market.
- We will aim to be a good employer; training and developing a satisfied, skilled and motivated team.
- We will listen to customer feedback and implement changes where and when appropriate.

Note: This offer applies to all branded products, but excludes products sold under a generic name, such as Raw Materials, Oxides etc.

7135 - BAILEY Low-Format WHEEL

The Bailey Wheel offers the studio and professional potter a wheel of unparalleled performance and versatility in a compact and user friendly design. This wheel has been designed to complement a European style of throwing with the wheel head set at a greater height than most wheels of this style allowing a more comfortable throwing position. The wheel is powered by a super smooth 1/2hp drive that is controlled by a computer enhanced VF drive that due to its unique design can generate up to the peak equivalent of 1Hp under heavy loads this enables the wheel to give constant smooth power throughout the speed range and is extremely quiet in operation. The Bailey Wheel has a large one piece splash tray and can also be supplied with numerous options that can be added to the wheel.

Illustration shows options extras: Fitted Seat, Shelf Unit, Reversing Switch.

**Quality design &
performance for just £890.00 + VAT**

7135/1 Tool Shelf - £95.00 + VAT

7135/2 Seat - £118.00 + VAT

7135/3 Reversing Switch - £60.00 + VAT

We are pleased to quote for the delivery of any wheels or associated equipment. These deliveries are by pallet delivery service. As with all deliveries of this type, delivery will be to the nearest practicable point to the customer's premises. The carrier will off-load the pallet but removing the equipment from the pallet and moving into position is the responsibility of the customer.

Notes: Gas struts not available with STUDIO 40. All kilns include Overfire Protection as standard. Many optional extras available, these include 25mm secondary fibre insulation, Rolled stainless steel edges, Breaking castors and extra vent holes. Call for details. The kilns were previously known as "eco".

We are pleased to quote for the delivery of any kilns or associated equipment. These deliveries are by pallet delivery service. Delivery will be to the nearest practicable point to the customer's premises. The carrier will off-load the pallet but removing the equipment from the pallet and moving into position is the responsibility of the customer. Deliveries can be made into position and installed to an existing isolator (on/off switch).

Notes:

The delivery prices includes Furniture. An extra set of furniture may increase the delivery cost. Stafford Controllers can be fitted to Rhode Kilns, but must be ordered and fitted with "Amp" plugs. If you would want to order a Stafford Controller use the kiln only price for the kiln and then add the Stafford Controller and an Amp Plug and Cable.

If in doubt please call 01243 265845.

Note: If the 1350°C upgrade is chosen it should be noted that the kW rating of the kiln is increased to the value in brackets in the kW column.

8304 PORTABLE DIGITAL PYROMETER

The ST620B is a hand held portable pyrometer for kiln temperature measurement. Applications include spot checking of temperature for all types of kilns including gas, electric, RAKU and wood burners.

Main Features:

- User selectable thermocouple types: R, S, K, N, J, T & E •
 - Large clear 60 x 45 mm backlight display •
 - Long battery life using (PP3) battery •
 - Auto power off •
- Temperature measurement in °C, °F or °K •

8657/3 ST222 RETRO PROGRAMMER + THERMO KIT

- Easy fit •
- Convenience •
- Peace of Mind •

Just
£262 + VAT

This kit contains all the equipment necessary to upgrade your existing 13A Plug in Kiln (presently using a Kilnsitter) to a fully temperature controlled kiln using a ST222 controller.

1 x ST222 Plug in controller (you choose a 13A UK version or a 16A European Schuko version)

1 x ST222 Wall Bracket / Stand

1 x 6" Type "R" Labhead Thermocouple

Kiln Accessories

For information on selecting cones please refer to Page 16

Kiln Controllers

Code	Kiln Controllers	Each
8657/2	ST222A - 9 program, 9 segment plug-in controller	232.00
8657/3	ST222 KILN TEMP. PROGRAMMER + 6" THERMO	262.00
8654	ST312A - Single program/2 ramp	180.00
8655	ST315A - 9 program, 9 segments	223.00
8656	ST316A - 9 program, 9 segments	223.00
8659/325	ST325 - 32 program, 32 segment	299.00
8659/326	ST326 - 99 program	299.00
8660/215	ST215 - 10 program, 16 segment controller inc. cable & plug	248.33
8660/216	ST216 - 80 program inc. cable & plug	248.33

Note: Multi-zone versions of the ST325 & 326 are available. Prices on request.

Kiln Controller Additions

Code	Kiln Controller Additions	Each
8610/2	8pin HARTING PLUG + 2m CABLE	30.00
8610/3	8pin HARTING PLUG + 3m CABLE	34.00
8610/4	Amp. PLUG + 3m CABLE	62.58
8790	HARTING SOCKET + 1.5m CABLE	26.00
8793	RC FILTER NETWORK SUPPRESSOR	4.24

Note: 8657/3 ST222 Kiln Temperature Programmer + 6" thermo is ideal for fitting easily to any kiln with a kiln-sitter to give you most of the facilities of a kiln with a dedicated kiln controller. Ideal for glass, enamelling and general ceramics. 9 programs, each with 9 segments. 1 controlled heating/cooling ramp plus 1 soak per segment.

We now list the prices for ST controllers (with the exception of the ST215 and ST216) without cable and plug for fitting to kilns with 8 pin harting sockets. If ordering a ST controller for fitting in this way order the controller and a Harting Plug and cable, which would be then be factory fitted for immediate use. (i.e. 8655 - ST315A + 8610 Harting Plug & 2m cable)

Cone Selector Guide

The composition and structure of cones is such that they bend and deform when subjected to heat for a period of time, (i.e. their operation is dependent upon "heat work" and not upon temperature only. They are graded according to the amount of heat they will withstand and are placed upright in holders in the kiln where they can be viewed from the spy hole.

Since their deformation characteristics mirror the maturing characteristics of the ceramic products being fired, cones provide an outstanding method of indicating heat work carried out during a firing.

It is usual to use a set of three consecutive cones: one to bend below the optimum firing point, one at the optimum firing point and one above. Orton Pyro-bars are supplied for use in kiln-sitters and mirror similar characteristics to that of cones.

Cone	Heating rate °C per hour		
	60°C	100°C	150°C
018	712	722	732
017	736	748	761

Delivery Notes

We have tried to minimize the cost of delivery by using nationwide carrier and pallet delivery services. Carrier delivery is normally made by 1500kg or 1750kg vehicles (this cannot be guaranteed). Pallet delivery will be via 10 ton lorries (again this cannot be guaranteed).

IF ACCESS IS RESTRICTED OR CANNOT BE MADE BY LORRY WE MUST BE ADVISED IMMEDIATELY AS A SPECIAL VEHICLE MAY BE REQUIRED.

This option may not be available in all areas! Delivery prices are for delivery to the nearest practicable point to the customer's premises and off-load. The drivers or their companies are not insured to carry goods into customer's premises or store. It is the customer's responsibility from the point of off-loading.

Delivery prices for kilns and equipment are quotable on receipt of site information. Please call for details.

Some products, such as casting slips and kiln batts may need additional or special packaging. We will always advise at point of ordering if this applies.

ECONOMY CARRIER NATIONWIDE

This is a delivery service based on your order reaching you within 3 working days from date of despatch. Normally goods need a signature to be left. If you are not at home at the time of delivery our carrier will leave a card and you will need to call your local depot to re-arrange the delivery. If you know you will not be in on the day of delivery we can instruct our carrier to leave your goods in a safe place. You must be aware though by taking this option you are accepting total liability for your order.

PRIORITY CARRIER NATIONWIDE

This service applies to all Fastway deliveries to PO and SO Postcodes only. The EPS, EPM, and EPL services provided by Fedex nationally are also Next-Day as standard. These orders are despatched for delivery on the next working day. The same system for signature etc applies.

DELIVERY TIMINGS

Royal Mail	1st class post - no specified time
Economy Nationwide	Within 3 working days (Monday to Friday 8.30a.m. to 6p.m.)
Priority Nationwide	Next working day (Monday to Friday 8.30a.m. to 6p.m.)
Economy Pallet	Within 3 working days (Monday to Friday 8.30a.m. to 6p.m.)
Priority Pallet	Next working day (Monday to Friday 8.30a.m. to 6p.m.)
Wheels, Kilns & Equipment	Subject to quotation

RETURNS, REFUNDS & EXCHANGES

Returns for goods with a shelf life, such as plaster, are accepted only if the goods are damaged or faulty and must be returned within 7 days from receipt. All other goods need to be returned within 30 days of receipt and in original, complete and undamaged packaging. If the item has not been returned to us in fully resaleable condition, we reserve the right to refuse a refund. Please note any postage incurred by returning the item(s) to us will not be refunded nor will the original cost of delivery, unless in the case of damaged, faulty or goods mistakenly shipped.

DAMAGED GOODS

All orders must be checked immediately and delivery notes/dockets must be marked accordingly if any damage is detected. When any parcels are opened after the carrier has left your premises and any items are found to be damaged we must be notified within 48 hours of delivery of your order. After this time we are unable to make a claim against our carriers.

How to Order

BY PHONE

Call 01243 265845 between 9.30am and 4.30pm Monday to Friday, When you call please, if possible have the following information at hand:

Customer account number (existing customers), item stock code and description and payment details (credit card/ debit card number, security code, expiry date and valid from date and issue number where applicable). We will confirm availability of all items ordered or call back with this information and total order value.

BY FAX

Fax 01243 267582, again with your details, product details and payment method. Include your fax number and we will fax back a sales acknowledgement detailing order value and availability.

BY EMAIL

Email sales@claymansupplies.co.uk with your details, product details and payment method. We will email you a sales acknowledgement detailing order value and availability.

DELIVERIES

All orders, with the exception of items such as wheels or kilns that are made to order, can be despatched on a 24 hour or 72 hour delivery system. It is our intention that all orders received by noon will be sent out that day. All orders received after that time should be despatched the next working day. When placing your order you will be advised when your order will be despatched and the estimated day of arrival.

PAYMENT

Payment can be made by cash, credit/debit card or cheque. If cash is sent by post, this is at the customers own risk and we strongly recommend that you only use registered post. Cheques should be made payable to 'CLAYMAN SUPPLIES LIMITED'. Orders that are to be paid by cash or cheque are sent on receipt of the remittance. Orders supported by credit or debit cards are despatched immediately.

PRICES

Please be aware that prices may change during the life of this price list. This is offered as a guide and we must emphasize that prices may change without notice. If the price of any goods you wish to buy is important we are pleased to supply you with a written quotation. Quotations secure the prices of goods for 30 days from the date they are issued.

VISITORS

At Clayman Supplies Limited you can be sure of a warm welcome on every visit. From 9.30 until 4.30, Monday to Friday, 9.30 until 12.00 on Saturdays (closed for lunch 1-2pm) we are open to provide you with a friendly service. If you need technical advice we suggest a telephone call before you visit will ensure that service is available. Also our easy parking will guarantee a relaxing time every time you call.

Groups are also welcome but prior notice would be appreciated to avoid disappointment. When you have made your selections we are happy to accept payment by cash, cheque, credit or debit card. VAT must be added to all prices at the current rate of 20%, except for books which are currently 0% rated.

Most of our goods are supplied by mail order, but should you decide to call we are sure you will enjoy your visit.

IF YOU DECIDE TO TRAVEL

Lagness is situated on the picturesque coastal plain to the south of the Roman City of Chichester, a short car ride off the main coast trunk road (A27/M27). At the roundabout (Bognor Road Roundabout) where the A259 crosses the A27 take the Bognor exit. Follow the road, for about 4-5 miles, to a double mini-roundabout opposite the Royal Oak Public House, painted raspberry red or maroon. Turn right at the first of the mini roundabouts, you will be in a road called Chalcraft Lane. Drive the length of Chalcraft Lane until you come to another roundabout. Turn right, drive for half a mile. You will find a sign on your right for Park Farm. Turn into the lane. There are no signs indicating Clayman Supplies Limited. When you have turned you are in Park Lane, we are situated at the end.

TYPICAL DRIVING TIMES TO LAGNESS

Bournemouth - 100 minutes
Haywards Heath - 70 minutes
Brighton - 60 minutes
Midhurst - 40 minutes
Chichester - 20 minutes

Eastbourne - 100 minutes
South London - 95 minutes
Guildford - 70 minutes
Southampton - 60 minutes
Horsham - 60 minutes
Tunbridge Wells - 120 minutes

ORDERS & DELIVERIES

Goods are sent out on a daily basis via national carriers and a pallet delivery service. Carriage/ delivery is not included in the price of our goods. Our competitive rates for delivery are published in the Delivery Rates section at the back of this price list.

Our aim is to process all orders received immediately. All orders (with the exception of equipment that are available to order only) placed or received before midday will be despatched the same day via a next working day or three working day service. You can specify your preference. Any orders received or placed after midday are despatched by the next working day. If we are unable to fulfil this aim, because of lack of stock or excess of orders we will advise you and advise when your goods should be available for despatch.

We are also able to offer timed deliveries where urgency is an important factor, although this type of service does cost more. Be assured by our guarantee of quality, value for money and a support service that is second to none. See page 39 for details of how to order.

CHOOSING

When it comes to purchasing equipment you are making an investment for the future and we pride ourselves in our expertise and advice in helping you make the right decision. If you are buying a wheel, we can advise on the qualities and design of each model. When considering a kiln often the best is not the cheapest, but included in our total package is our unique kiln helpline. Especially useful for the beginner, we are available at anytime to advise or solve that frustrating problem.

You can spend a long time regretting the wrong decision, but make the right decision with Clayman Supplies Limited!

NO QUIBBLE EXCHANGE

If you find the products are not what you wanted or perhaps when you try a new clay you do not like it we will exchange any unopened products from the whole of our range without fuss. Simply bring back any product within 14 days (the time limit is because some products supplied have a shelf life!) and we will exchange these goods without any fuss. We do reserve the right to make a re-stocking charge if the packaging has been damaged. This service does not apply to wheels, kilns or videos, goods from these sections are normally supplied to order only.

PRICES

All prices contained in this price list are ex-works from our main Chichester address, with the exception of some equipment which is dispatched direct from the manufacturer. All prices shown are exclusive of VAT at the current rate. Books are currently rated at 0% VAT.
